

DION DURRELL

Actuaries and Consultants

Workers' Compensation

For organizations that include self-insured employers, safety groups or employers under experienced rating models, Dion Durrell is known for its wide range of workers' compensation services. Our focus is on the strategic aspect of the worker's compensation programs such as:

- Budgeting and funding of WCB costs
- Strategic claims management
- Performance valuation per costs center including gain and loss
- Identification of WCB risks through quantitative approach and monitoring
- Actuarial valuations
- Costs allocations
- Benchmarking
- Costs control and costs reduction
- Merger and acquisitions
- Classification review
- Insurance review
- Trends analysis
- Redesign of best practices
- Procedures evaluations

Our goal is to identify the major exposures to losses in recent history, and to eliminate or reduce these exposures in the future. The result for our clients is improved procedures and practices and an enhanced ability to monitor financial results.
